

Rx Adaption Policy

I acknowledge that eye exams are a subjective interaction between the patient and the Eye Doctor. If the original Rx is not satisfactory to the patient and the patient obtains a second Rx written within thirty days of the purchase date of the billiard glasses, we will re-make the lenses at no charge for like lenses.

If the patient is still not satisfied with vision after the 2nd pair of lenses we will issue full credit for the frame and 50% credit for the lenses upon return of glasses to us.
